<p>* The organization also provides to the employee certain supplemental retirement benefits that are not included in the reported amount. This benefit is computed on the employee's total compensation less the compensation up to the limit for tax-qualified retirement plans. These benefits provide retirement income for an accumulated nineteen year service period in accordance with the employee's employment contract. For the reported year, the organization incurred an obligation to provide at a future date total supplemental retirement benefits valued at \$7,390,184. It should be noted that the parties have agreed that no additional supplemental retirement benefits will be accrued during any future service the employee provides to the organization.</p>
